GLOBAL ANTISEMITIC INCIDENTS SURGED

340% in 2024 – Yet God's Work Advances

Key Finding: Despite unprecedented challenges, FOI's Jewish ministry continues to thrive around the world through strategic partnerships and dedicated supporters like you.

The statistics are shocking, but they only tell part of the story. While antisemitic incidents have reached alarming levels worldwide, with 55% of Jewish Americans facing discrimination in the past year, God has been guiding remarkable breakthroughs through FOI's Jewish ministry across different continents. Your partnership has played a crucial role in this progress, even as I've faced personal challenges that have only made me more determined.

Recovery and Renewed Purpose

Six weeks after surgery, my doctor was pleased with my recovery. I can now gently rotate my arm 40-50 degrees and lift it to 90 degrees, which are important milestones since it takes six weeks for the tendon to begin attaching to the bone. The arthroscopic repair involved extensive debridement, double-row rotator cuff repair, and biceps tenodesis to regain full function.

His warning resonates clearly: "*Follow the protocol, or risk needing surgery again.*" I'm now cleared for light activities and physical therapy, and the sling has been discontinued. This recovery period has unexpectedly offered opportunities for strategic ministry growth, including important translation work for our expanding international outreach.

International Ministry Spotlight: Gospel Bridges Across Continents

Australia & New Zealand: Countering Anti-Israel Narratives

*The desperate tone in a mother's voice revealed how worried she was for her son — not about drugs or accidents, but about the anti-Israel propaganda he'd embraced through social media. Simon faces this growing challenge as **Israel stands as a powerful witness to God's enduring purposes**, and Satan actively spreads confusion even among believers.*

Simon's response showcases effective Jewish ministry by organizing prophecy conferences, leading Israel tours, and creating innovative outreach efforts. Through relationship-building initiatives, he opens opportunities to share Messiah's love and educates Christians about God's ongoing work with His chosen people.

United Kingdom: Practical Love in Crisis

Trevor and Maggie demonstrate active ministry through crisis response in Israel. When children in Saged experienced PTSD from rocket attacks, they financed upgrades to bomb shelters to improve counseling areas. During heavy bombardments, they quickly provided air-conditioning units for shelters where families stayed for long periods.

Their comprehensive approach goes beyond emergency aid by delivering reports at synagogues, attending memorial services, and building connections with Jewish organizations. This approach fights antisemitism while showing Christ's love through practical service.

Expanding Our Digital Reach

Important Platform Update: Our digital communication system is switching from MailChimp to Epistle to better support our expanding international network.

Action Needed: Visit <https://coach-william-busch.epistle.org/subscribe> and confirm your registration by email to keep receiving ministry updates.

Behind the Scenes: Building Global Infrastructure

While recovering, I've helped our German team translate the new German FOI website. This goes beyond language translation; it involves establishing **legal non-profit status** in Germany and ensuring **consistent branding** across all FOI countries.

Each country requires navigating unique government regulations and cultural considerations with the help of specialized attorneys. As someone who trains international representatives in developing prayer and financial partnerships outside the United States, I see how your support helps these essential foundational efforts.

Biblical Foundation: Standing with God's Chosen People

"I will bless those who bless you, and whoever curses you I will curse; and all peoples on earth will be blessed through you." - Genesis 12:3

This ancient promise still holds true today. Supporting Jewish ministry allows us to join in God's eternal plan. The increasing antisemitism we see around the world only highlights the need to bring both physical comfort and spiritual hope to Jewish communities everywhere.

Prayer Requests:

- Complete healing and wisdom in physical therapy.
- Successful launch of German FOI organization.
- Protection for international representatives confronting rising antisemitism.
- Ongoing expansion of worldwide prayer and financial partnerships.

Thank you for standing with us as we spread the gospel among God's chosen people worldwide. Your partnership makes an eternal impact possible.
